ATTENTION: Ces cartouches ne doivent pas être utilisées dans des armes ayant un canon Damas-cus, un canon rifilé en acier ou ayant une cham-bre plus petite que 2¾ de pouces. Soyez certain que votre arme est en bonne condition et soit ap-propriée pour ce type de munition. Il est dange-reux d'utiliser une cartouche de calibre 12 dans un fusil de calibre 16 ou d'utiliser une cartouche de calibre 20 dans un fusil de calibre 12 parce que la cartouche inadéquate risque de rester le canon. Si ensuite, une autre cartouche tel-les avec le canon déjà bloqué, ce der-nier peut éclater et possiblement causer
